

# AUSTRALIAN DOMESTIC TRANSPORT OPERATORS COVER

This policy is specifically designed to meet the liability risk exposures of domestic freight forwarders and road hauliers

Transport operators in Australia require a range of covers and traditionally have taken out several policies including; Carrier's Liability cover, Goodwill cover, and Public Liability insurance. TT Club has created a comprehensive package of insurance protection to provide all three under one policy as well as additional covers.

**A freight forwarder arranged the transport of 19 consignments of goods with a total value of US\$400,000 and subcontracted the consolidation of these into one container. The entire cargo was stolen from the subcontractor's premises and the cargo owners claimed for their losses against the insured.**

**The cause of the loss was identified as insufficient security at the subcontractor's warehouse. While the claim was complicated by legal issues, after extensive negotiations we were able to settle the claim on behalf of the insured for less than US\$42,000.**

**Standard cover includes:**

- Liabilities for loss of, or damage to, cargo
- Liabilities arising from errors & omissions including delay and unauthorised delivery
- Third party liabilities
- Fines for regulatory breach such as customs, pollution and safety at work
- Investigation, defence and mitigation costs
- Disposal costs following an accident
- Quarantine and disinfection costs
- Property cover for cargo handling equipment
- Goods in your care, custody and control
- Goodwill cover

Tenants Fire & Legal Liabilities cover can also be provided.
