

TT Club Innovation in Safety Award 2023 Entry Form

How was it implemented? (250 words or less)

What was the result? (250 words or less)

Conclusion / any other comments (250 words or less)

Everyone loves pictures

Include at least one picture that shows off your innovation. Maybe you can capture it in action, let us see people using it or perhaps present the pioneers who came up with the idea or made it work. We need high resolution images so that we can promote your trailblazing in the best light in our awards publication. Don't forget to also include a copy of your company logo.

TT Club Innovation in Safety Award 2023 Entry Form

The legal bit...

Please give us permission to use and promote your great work through our network and publications. The point of sharing is that we can learn together and make cargo handling and coordination ever more safe.

Innovation in Safety Award at The Safety Village TOC Europe 11-13 June 2024

TT Club and ICHCA are aiming to join with TOC Europe to promote innovation in safety ideas to the industry at TOC Europe, Rotterdam. We are already planning the Safety Village and would welcome entrants to the Safety Award to join us as part of the Safety Village programme.

- Please tick here if you are happy to be contacted about opportunities to exhibit and/or speak at the Safety Village.
